

Fall Senses

Look for:

- green leaf
- yellow leaf
- orange leaf
- red leaf
- an insect

Talk about it!

Think about trees in the spring and trees in the fall. How are they different?

Talk about it!

Find a green leaf, a red leaf, and a brown leaf. Take each leaf and crumple it up in your hand. Do they sound different?

Listen for:

- birds chirping
- crickets
- crunching leaves
- wind through the trees

Find and Feel:

- green leaf
- brown leaf
- acorns or pinecones
- a smooth rock
- a bumpy rock

Talk about it!

Green leaves and brown leaves feel very different. Why do you think they feel so different?
